

# Day Surgery

Quick, Safe, and Cost-Efficient  
Procedures for a Smooth *recovery*

**PRUDENTIAL**

Listening. Understanding. Delivering.

**Day Surgery** is a medical procedure in which patients undergo surgery without having to spend the night in a healthcare facility.

Prudential's medical plans cover **Day Surgery benefits** by providing you a wide range of treatment, quality care with seamless recovery and ease the overall healthcare cost. These procedures are minimally invasive, helping you to avoid any disruption in your daily routine.

## Day Surgery Benefit at a Glance

### **Minimal Hospital Stay**

Return home the  
same day

### **Cost-Effective**

Lower cost in  
comparison to  
inpatient treatment

### **Safe**

Less invasive,  
lowers the risk of  
complications

### **Faster Approval**

Faster claims  
processing, minimising  
delays, and lowering  
the risk of surgical  
cancellation
