

PRULink Asia Equity Fund (PAEF) and PRULink Asia Managed Fund (PAMF)

WHAT ARE PRULINK ASIA EQUITY FUND (PAEF) and PRULINK ASIA MANAGED FUND (PAMF)?

PRULink Asia Equity Fund (PAEF) is a foreign equity fund which invests mainly in the Asia Pacific ex-Japan region. The fund is suitable for customers with aggressive risk profile. As of 31 December 2021, its fund size stood at RM207.9 million.

PRULink Asia Managed Fund (PAMF) is a foreign balanced fund that invests in a mixture of equities and fixed income securities in the Asia Pacific ex-Japan region. The fund is suitable for customers with moderate risk profile. As of 31 December 2021, its fund size stood at RM245 million.

UPDATE ON INVESTMENT STRATEGY

To continuously deliver value to your investments and promote sustainable fund management, we will enhance **PRULink Asia Equity Fund (PAEF)** and **PRULink Asia Managed Fund (PAMF)** current investment strategy, where the equities currently only invest in Eastspring Investments (Singapore) Limited Asian Equity Fund (EIAEF).

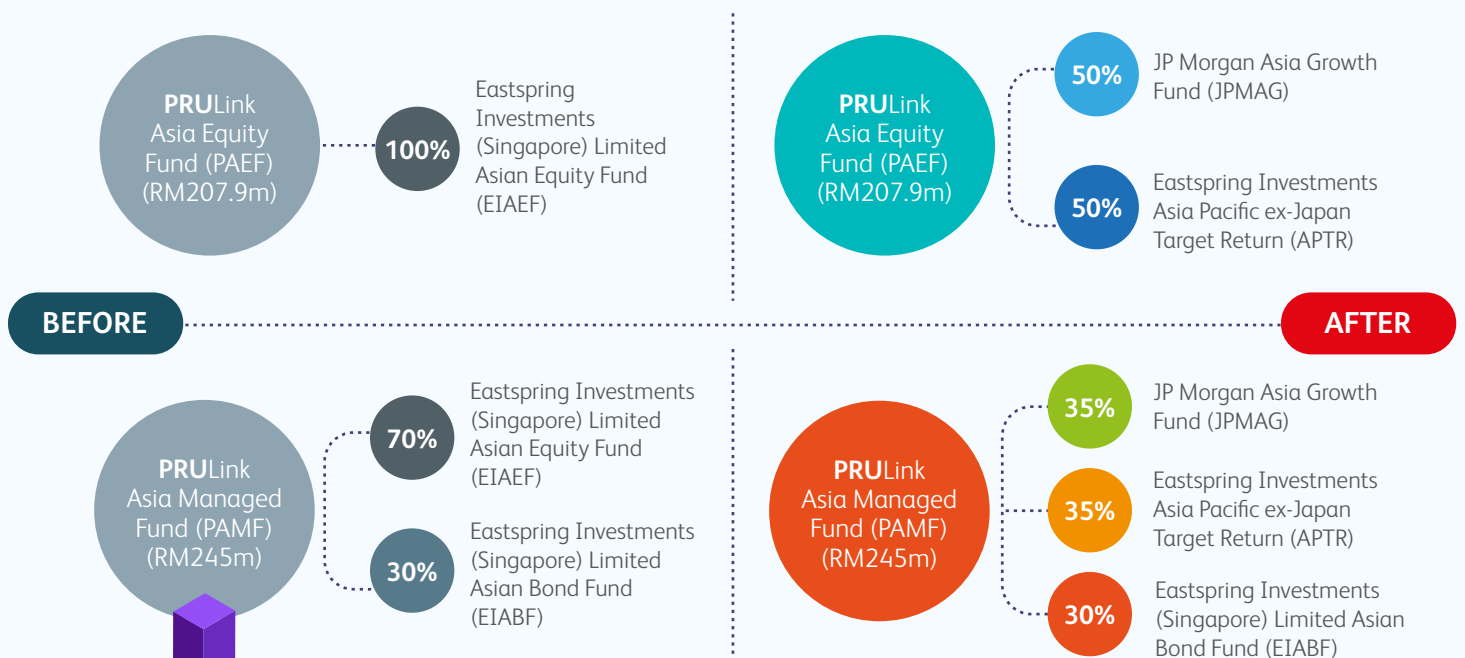

The equity allocation of PAEF and PAMF will be evenly allocated into two new target funds – JP Morgan Asia Growth Fund (JPMAG) and Eastspring Investments Asia Pacific ex-Japan Target Return (APTR). We believe the enhanced investment strategy of **PRULink Asia Equity Fund (PAEF)** and **PRULink Asia Managed Fund (PAMF)** could offer potential better fund performance via stock selection and flexible investment asset allocation in the long run.

This enhancement is in line with the description of **PRULink Asia Equity Fund (PAEF)** and **PRULink Asia Managed Fund (PAMF)** provided in Schedule 3 of your Policy.

There is no action required from you.

Update on Investment Strategy for PAEF and PAMF

(Effective 16 July 2022)

We assure you that there are no fees associated with these changes and your insurance coverage will not be affected.
