

# PRULink Asia Property Securities Fund (PAPSF)

## WHAT IS PRULINK ASIA PROPERTY SECURITIES FUND (PAPSF)?

PRULink Asia Property Securities Fund is a foreign equity investment linked fund that mainly invests in the real estate investment fund (REIT) and property-related securities in the Asia Pacific region. The fund is suitable for customers with aggressive risk profile. As of 31 December 2021, its fund size is RM80 million.

## TOTAL CLOSURE OF FUND

We will be closing PRULink Asia Property Securities Fund (PAPSF) totally because the Eastspring Investments Asian Property Securities Fund (EIS-APSF), which is the underlying target fund of PAPSF, will be terminated by Eastspring Investments Singapore (EISG), the fund manager of EIS-APSF by 15 July 2022.

With the total closure of PAPSF, we will no longer be accepting investment monies into PAPSF and existing investment units under PAPSF will have to be switched out to another fund.

## HOW DOES THIS IMPACT YOU?

With this, we will no longer accept any new investment into PAPSF effective of 16 July 2022. This means PAPSF will no longer be available for both recurring premiums and customers' selection during premium redirection, fund switching and top ups into PAPSF.

Nevertheless, existing recurring premiums will continue to be allowed into PAPSF until 15 July 2022. However, for customers with existing units in PAPSF and existing recurring premiums into PAPSF, you are required to switch out your existing units and redirect your recurring premiums into another fund by 4 July 2022.

If you do not do so, we will switch out your existing investment units and redirect your recurring premiums into PRULink Asia Equity Fund (PAEF).

## PAPSF Closure leading to Fund Switching and Recurring Premium Redirection

(Effective 16 July 2022)

## WHAT ARE YOUR OPTIONS?

You need to give us instructions to switch out your existing investment units and redirect your recurring premiums to other fund(s).

To help you to act on this by 4 July 2022, we will continue to send you a series of reminders. If we don't hear from you, we will replace your current investment choice for PAPSF with PAEF.

### PRULink Asia Equity Fund (PAEF)

- Tap into world's fastest-growing market via flexible investment styles (Growth/Quality/Value) to tap on all opportunities to upsize your potential returns.
- Bottom-up stock selection approach with high conviction.
- Invest into all-capitalisation companies.

We assure you that there are no fees associated with these changes and your insurance coverage will not be affected.

You are **allowed to choose** any other fund(s) besides PAEF.

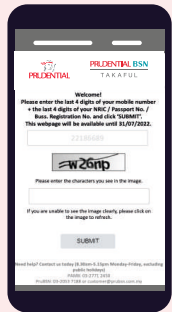

Follow existing process for fund switching or premium redirection
